Sisterlocks vs. Microlocs

Sisterlocks and microlocs get confused constantly. Here's what actually separates them.

ATTRIBUTES	SISTERLOCKS	MICROLOCS
Size and Appearance	Very small, uniform, and refined locks	Small but generally thicker than Sisterlocks
Installation Process	Requires a certified consultant and a special tool	Can be done professionally or DIY with simpler tools
Maintenance	Regular maintenance by hair care professional	Generally less frequent maintenance
Cost	Higher initial and maintenance costs	More cost-effective overall
Styling Versatility	Highly versatile due to small size	Versatile, but slightly limited compared to Sisterlocks
